

PUBLIC SYMPOSIUM

Kyoto Model Strategies

Sharing Global Perspective on Reducing Reoffending

As one of the legacies of the Kyoto Congress, Japan led the development of the **United Nations Model Strategies on Reducing Reoffending** (the Kyoto Model Strategies), which were adopted by the United Nations General Assembly in December 2025.

This symposium will introduce Japan's current efforts to reduce reoffending following the Kyoto Congress, as well as the background and content of the Kyoto Model Strategies as international standards, and initiatives being taken by the international community based on these strategies.
