

The 178th International Training Course on Criminal Justice (Online)
“Cybercrime and Digital Evidence”

1. Duration and Participants

- From 14 June to 7 July 2022
- 29 overseas participants from 14 jurisdictions

2. Programme Overview

Criminals abuse newest cyber technologies and leave digital footprints at all stages of their activities. Digital evidence crosses borders so easily that investigation and prosecution have become even more challenging. This programme seeks to provide criminal justice authorities with knowledge and expertise to tackle all crimes that involve digital evidence. Particular focus will be placed on (1) finding, preserving, collecting, analysing and utilizing digital evidence and (2) international cooperation regarding investigation of cybercrime and all other crimes that involve digital evidence.
